1.2.P.0**

This policy has been reformatted for placement on Sandia's External Web site.

Background - 1.2.P.1

An integral part of the function of the SCR is performing a thorough analysis of the proposed procurement prior to soliciting offers, whether oral or written. The purpose of this analysis is to ensure that all relevant considerations are addressed by the Requester and that these considerations are incorporated correctly into the solicitation.

Policy - 1.2.P.2

It is SNL's policy to conduct a degree of analysis that is dependent on the type of procurement involved.
